

Hello Neighbours!

The Hayes Urban Teaching Farm (HUTF) is mere days away from launching our season-long farmer training program, and we have a beautiful 8 acre facility begging to produce. On this 1840's farmstead in the heart of Fredericton, new life is sprouting and new enthusiasm is bountiful, but **we are lacking many of the necessary tools we need to produce veggies, herbs, and fruit for you!**

We will have 1.25 acres in vegetable production this year, and a small group of participants in the pilot of our Regenerative Farming Certificate program need to get their hands on the right tools for the job (literally!).

We are launching a tool drive and are asking for your neighbourly support. [CHECK OUT OUR WISHLIST ONLINE HERE](#). **We can meet you at the farm for drop-offs whenever it is convenient for you, OR we can pick up from you!** Our first scheduled pickup day is Saturday May 12. Email hayesteachingfarm@gmail.com or leave a message at (506 260-7932 to arrange for pickup.

Despite our phenomenally successful crowdfund campaign (THANK YOU), we came up short in some of our other funding requests, and so are running a somewhat leaner operation than we had originally hoped. Anything that you are able to donate (or lend!) would put some extra pep in our step, and help us on our way to thoughtful farming, and training tomorrow's farmers.

[CHECK OUT OUR WISHLIST ONLINE HERE](#) and get in touch to arrange pick up or drop off: hayesteachingfarm@gmail.com.

Thanks in advance, and hope to talk soon!
The entire HUTF team :)
